Metis

MET-EXIT-SG-EM

DESCRIPTION

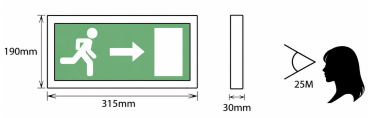
The Metis LED exit sign is an attractive, specifiable product that offers long life and low energy with excellent performance. These very slim wall-mounted luminaires feature a welded steel housing providing a ‘picture frame’ appearance around the bright and evenly illuminated safety sign panel. These exit sign luminaires provide smaller physical dimensions than conventional fluorescent exit signs, making installations more attractive. However, the Metis LED exit signs still provide a useful 25 metre viewing distance. The back plate mounts on the wall using simple keyhole slots or via the central BESA entry. The front cover is supplied in textured white as standard, and a textured silver grey finish is also available. Metis LED exit signs are available with DALI and self-test.

IP20

SPECIFICATIONS

Dimensions	315mm (L) x 30mm (D) x 190mm (H)
Input Voltage	AC 220-240V
Lumen Output	150lm
LED Efficacy	48.4lm/W
Color Rendering Index	>70
Dimming	Non-Dimmable | Switched | Triac | 0 to 10V | DALI 2 | Bluetooth
Control Gear Location	Integral
Emergency Gear Location	Integral

DIMENSIONS



POLAR CURVE

LUMINAIRE FINISHES

Body W / B / S / R - Custom RAL
