Azalea

AZA-243-H-S-4K-1-DA

DESCRIPTION

The AZALEA is a versatile 48V track-mounted linear LED fitting, available in three sizes with an efficacy of 90–100lm/W. An opal diffuser provides soft, evenly distributed illumination, while a choice of CRI80 or CRI90 supports a range of colour rendering requirements. The coordinated family of sizes offers flexibility across different lighting layouts, making the AZALEA a practical solution for general illumination.
